Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the prior art does not teach or suggest a process for molding a reinforced nodal structure having a cellular structure formed from network walls of resin impregnated strength-giving fibers including,

depositing by repeated passes a cored reinforcement in and along channels of a nodal mold to at least partially fill the channels, wherein said cored reinforcement includes an envelope of strength-giving fibers surrounding an expansible material core of substantially constant cross section,

closing the mold,

expanding the core of expansible material so as to cause the envelope of strength giving fibers to adapt to a shape of a corresponding portion of the channel and,

curing resin provided around the cored reinforcement to thereby provide the reinforced nodal structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
